- Panaboard increases efficiency and reduces meeting time.
- Panaboard can be wall-mounted or used with floor-stand option.

Panaboard™
## Improves your Presentations and Meetings

PC Interface

Panasonic Document Management System

Panaboard UB-5325, UB-5825 and UB-7325 come with utility software that consists of Document Manager and Document Viewer. The meeting contents on the Panaboard screen will become meeting minutes with some annotation by Document Viewer function. The Document Manager makes it easy to file and distribute the meeting minutes quite easily. Supported saving file format is BMP, TIFF, JPG, PNG and PDF.

The scanned image is monochrome.
The annotation function is used to make the coloured text.

Printer Driver

The Panaboard can also work as a PC printer.
In a meeting, if you need to print out some documents, the Plug & Play of USB makes it easy to print out documents from the Panaboard.

TWAIN Driver

By just one click, you can scan the image on the Panaboard screen as image data to your computer and from your computer, you can control the Panaboard function just like operating the Panaboard control panel.

1 Screen can also be used for the Projector. (UB-7325)

Specifications
