

Promethean (AE2KIT32AMEU)

Promethean ActivExpression 2 - Handheld student response device kit (pack of 32)

- ✔ QWERTY keyboard allows for complex responses beyond simple multiple choice. Users can reply in full sentences as well as in numbers, symbols, equations, fractions, true/false, Likert scales and more
- ✔ Intuitive interface is designed with a simple, easy-to-use navigation and backlight screen
- ✔ Exceptional battery life will last for a full school year without having to change the battery

Students have exceptional ideas floating around their inquisitive minds and their thoughts do not conform to a standard multiple-choice format. Opinions and insights are complex concepts to express. ActivExpression2 is a versatile student response system with full sentence and character texting options, offering students a range of response types as vast and dynamic as the ideas they are eager to convey. ActivExpression2 is an intuitive Learner Response System designed to promote full-class participation and engagement throughout lessons while encouraging ongoing, real-time assessment of student progress. The Express Poll and Wonderwheel interface "floats" over most computer applications including web browsers, Microsoft Word and Microsoft Excel; enabling teachers to use ActivExpression2 spontaneously, minimizing lesson preparation time and maximizing precious classroom time. Easily export assessment results to Microsoft Excel, or integrate data with ActivProgress to save, review and monitor student comprehension trends over time.

Product Description	Promethean ActivExpression 2 - handheld student response device kit
Packaged Quantity	32 (specifications are for single item)
Product Type	Handheld student response device kit
Package Content	Carrying case, screwdriver, ActivHub
Dimensions (WxDxH)	8 cm x 3.4 cm x 12.3 cm
Weight	210 g
Compliant Standards	FCC, RoHS
Software	ActivInspire Professional Edition
