- Easy to install will work on virtually all phones
- Simple push button to convert to telephone or PC
- All standard connection leads supplied
- Takes up minimum desk space
- Supplied with 2 x 3.5mm connectors to plug into
- PC sound card

SPECIFICATION

Features:

- Simple push button adaptor to enable you to connect to your PC and telephone using the same headset
- Supplied with 2 x 3.5mm connectors to plug into your sound card. (Note: If you do not have a sound card, by purchasing our USB-3.5Jack you can plug directly into the USB connector on the PC for the JPL Adapt to work correctly without the need of a PC sound card).

Recommended accessory for all users without a sound card in their PC
