Write. Print. Save. In color.

COMPACT
COPYBOARD
CR-5

Mount on your wall
or in your cubicle.*

Designed to fit your office or cubicle.
Compact size with a contemporary look.

*Cubicle Mount Kit sold separately.

EVERYDAY co-workers sit together in an office discussing the projects they have in front of them on a PC . This usually results in a lot of pointing at the screen and notes being hastily jotted down on paper. Now, with the introduction of the CR-5, people can communicate more effectively. By using this compact, full-featured copyboard, co-workers can better interact and share ideas through drawings and notes added to its dry-erase surface. Best of all, when the discussion is finished the notes and drawings written on the board can be easily saved as an electronic file to be emailed or printed in color.

CR-5 control panel with USB port for memory stick or printer. ➤

Use with the optional rolling floor stand. Easily move the CR-5 from room to room. Position horizontally or vertically.
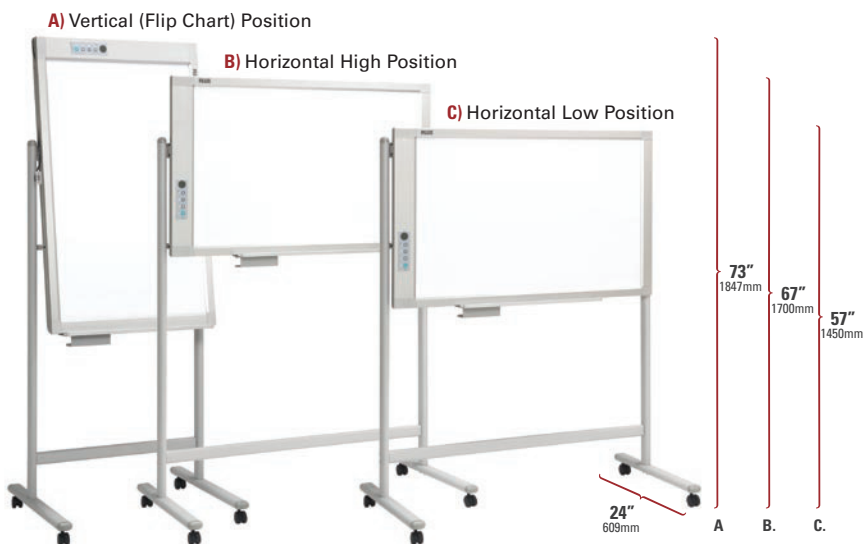

CR-5

- Two writing surfaces.

- Save to a USB Memory Stick in color.

- Save to and operate from your PC.

- Print directly from the board in color.
  (Printer sold separately. See your dealer for compatible models.)

- Half the size of a regular copyboard and remarkably thin.
  (W50 x H27 x D2.5 inches)

- Wall mount, cubicle mount, or floor standing.
  (Cubicle Mount Kit is optional. Floor Stand is optional.)

- Horizontal and vertical positions.

Save digitally or print out your notes and drawings using your own personal copyboard!
